

Havis Enhanced Protection Plan

Your job is tough enough without worrying about the reliability and safety of your mobile office.

Therefore, Havis offers a 5 Year no fault, Enhanced Protection Plan for numerous docking stations.

The Details

Customers are able to purchase the Havis Enhanced Protection Plan at the time of, or up to 30 days following purchase of docking stations. EPP coverage begins on the original ship date of the purchase. If you purchase the Enhanced Protection Plan, you can get a loaner docking station while yours is being repaired. To submit a claim simply log on to www.havis.com, and under the Support tab click on Warranty, or by visiting www.havis.com/warranty and follow the step-by-step instructions that walk you through the submittal process.

The Products

The Havis Enhanced Protection Plan is offered for a wide array of Docking Stations:

** The Havis Enhanced Protection Plan is offered for certain docking stations, please inquire about your brand and model.*

The Limits

The EPP includes (1) Printed Circuit Board (PCB) replacement/per year/per serial number, OR a total of (2) PCB replacements/per serial number for the length of the contract.
